EXPLODE MAX

GENERAL PLANT BIOSTIMULANT

Explosive Growth Powered by Microbial Innovation

Boost root mass, nutrient uptake, and soil vitality.

Explode Max is a high-performance microbial biostimulant engineered to accelerate plant development from root to canopy.

EL-TECH
FUELING POTENTIAL

sPar K

KEY BENEFITS

- Maximizes root mass
- Enhances nutrient absorption
- Improves soil biology
- Strengthens plant resilience
- Supports yield potential

APPLICATIONS

- Maize
- Vegetables
- Legumes
- Soil conditioning

Grow Stronger. Grow Faster.

Choose Explode Max.
