BACTALLION
REVITALISING
SOIL AND WATER

WHERE IT WORKS

- Enriching Water Quality in Waste Water, Aerator and Algae Industry
- Odours in Your Drain, Bathrooms and Kitchens
- Fat Removal of Kitchen Traps
- Fat Traps, Septic Tanks, French Drains and Long Drains
- Septic Tanks and French Drains, Blockages, Odours

Product name	SEPTIC TABS
Type	Septic System Activator Treatment
Application	1 tablet per 5000L septic tank monthly · 1 tablet per pit toilet · 1 tablet per 10,000L waste water

A unique proprietary tablet that allows aeration, oxygenation and biological treatment of grey water, anaerobic and anoxic water. It greatly enhances aerobic biological action and shows dramatic oxidation of ammonia, hydrogen sulphate and other reduced solids, breaking down COD levels like never before.

Product name	PTT POWDER
Type	Enzyme based product, enriched with microbes for quick reaction time
Application	Citrus fragrance to mask sewage odour · Application: septic tanks, French drains, portable toilets · Packaging: 10 per bag (10g)

A great use in bio-solid product, enriched with microbes for quick reaction time.

Product name	OXY TABS
Type	Enzyme based product, enriched with microbes for quick reaction time

A unique proprietary tablet that allows aeration and oxygenation of stagnant, anaerobic and anoxic water. It greatly enhances biological action and oxygenates water without electrolysis, showing dramatic oxidation of ammonia, hydrogen sulphate and other reduced solids.

Product name	SEPTIC DUAL TABS
Type	Contains a pleasant fragrance (citrus) · water quality enhancement
Application	One tablet per portable toilet per cycle · Available in 50g tablets · Tubes of 10's

A unique proprietary tablet that allows aeration, oxygenation and biological treatment of stagnant, anaerobic and anoxic water in portable toilet conservancy tanks. It greatly enhances aerobic biological action and shows dramatic oxidation of ammonia, hydrogen sulphate and other reduced solids. Contains a fragrance that helps mask urine and faeces odours.

Product name	URINAL MAT
Type	Fragrance scented recyclable mat, complete with refill tablets

ADDITIONAL PRODUCTS

Product name	DEO TABS
Type	Biological deodorising block/tablet
Application	Urinals and stainless steel, porcelain or ceramic troughs
Use / positioning	Place one block in each urinal or every 50m in trough urinals. Replace when dissolved; the supplied label notes a 2–4 week interval depending on frequency of urinal use.

Product name	GREASE TABS
Type	Slow-release probiotic disc
Application	Grease traps and wastewater plants
Use / positioning	Place the disc in a mesh bag, tie to a suitable anchor point and fully submerge near the inlet where wastewater can flow over it. Replace once fully eroded.

PRODUCT POSITIONING

Deo Tabs are supplied for urinal and trough applications. Grease Tabs are supplied as a slow-release disc for grease traps and wastewater plants. Refer to the supplied product labels for handling and safety information.
