Bactallion Effluent Max Powder

2x STRENGTH

Concentrated powder-format microbial treatment for breaking down sewerage and sewerage sludge.

PRODUCT SNAPSHOT

2x strength version of the Effluent Powder Standard biological treatment, formulated as a concentrated powder. Designed for the same effluent and sludge-treatment application platform, with increased strength per unit of product.

HAZARDS IDENTIFICATION

Important hazards: Non Hazardous
Hazchem: Inert
Hazard rating: SAPMA: HHR 4 - Non Hazardous
E.C. Label: Not available
CAS No: Not available
EINECS No: Not available
Dangerous Ingredients: None

COMPOSITION

Biologically active, enzyme-producing microbial treatment.
Contains active organic acids and other microbial stimulants.
2x strength designation applies to the product strength.
Exact microbial loading / CFU specification: Not provided.
Dangerous Ingredients: None
CAS No: Not available
EINECS No: Not available

PHYSICAL & CHEMICAL PROPERTIES

Appearance	Powder
Odour	Not provided
pH (5% Suspension)	Not provided
Physical Form	Powder
Relative Density	Not provided
Solubility in Water	Not provided
Vapour Pressure	Not provided
Boiling / Melting / Flash Point	Not provided

FIRST AID & FIRE FIGHTING

First aid not expected to be required.
Skin: Wash with water; Eyes: Flush with water.
Ingestion: Drink water.
Extinguishing media: Not considered a fire hazard.
Special hazards: None.
Protection: Full protective clothing and approved self-contained breathing apparatus.
Hazardous decomposition products: None.

STABILITY & REACTIVITY

Stable for 3 to 6 months in cool storage.
Avoid mixing with strong oxidizing agents.
No hazardous decomposition products are applicable.
Ecologically: not toxic to fish and inherently biodegradable.

DISPOSAL & TRANSPORT

Dispose: General waste.
Packaging: Follow local legislation.
UN Number: Not regulated; SABS 0228: Not regulated.
Transport: No regulations apply.
Tramcard: Not Applicable.

REGULATORY INFORMATION

Product Name: Bactallion Effluent Max Powder
Regulatory Information: Not classified as dangerous for supply or conveyance.
Other Special Considerations: None.
